#### HAZARD RUN

## written by Dennis Zander (C) 1982 by Artworx Software Company

The Sheriff has spotted you and your only escape is to jump into your car and take one of the Hazard Runs! Use your joystick (in slot #1) to control your car as you try to dodge trees, rocks, fences and chickens while making your way through Crooked Canyon, Split Rock Canyon, past Bryan's Pond or over it! If you cannot jump Moonshine Creek, try the old bridge, but don't let the deputy's roadblock stop you. A lead-foot won't help in the deep, dark Waldon Woods or the pasture with white washed fences. Be sure to check your gas gauge on longer runs. You can fill-up by guiding your car over the gasoline cans hidden in the woods. If you run out of gas before making the final jump over Hazard Creek, you will miss seeing the Sheriff's car go into the drink!

RUNS - Use the SELECT key to choose one of four runs:

CHICKEN RUN for the bird watchers (shortest)
WALDON WOOD for the 'shine runners
BRYAN'S POND for the lead-foot
HELL'S CANYON for the "good old boys" (longest)

DRIVING - Use the trigger button to start your car. During the run, the trigger button will become your brake. Use it to slow your speed and gain control for tight maneuvering. Moving the joystick left or right will turn your car left and right. The longer the joystick is held in a given direction, the faster the car will move. If you sideswipe a tree or rock, you will be tipped onto your side riding along on two wheels (great for getting through some tight spots!). To get back onto all four wheels, turn right if you are riding on your right side, turn left if you are on your left side. Careful, turning the wrong way will flip you completely over! Hitting a rock, tree, fence or police car will also cause you to flip (Press the trigger to restart your engine and put the car right side up. You may have to move the joystick to get off the obstacle). Make sure that you have evough speed when you try a water jump or you won't make it across.

SCORING - The faster and farther that you go, the higher you will score:

#### BONUS POINTS:

5000 successful jump 1000 each remaining car 1000 each remaining 1/4 tank of gas

#### PENALTY POINTS:

-500 each "flip-over" -500 each chicken squawk

Note - running over chickens can be fun, but some of the tougher chickens can flip your car over.
